Derbyshire Pension Board Annual Report 2017/18

December 2018

Derbyshire Pension Board annual report 2017/18

Introduction

This is the second annual report for the Derbyshire Pension Board (the Board) covering the year to 31 March 2018. The Board was established in 2015 in accordance with the requirements of the Public Service Pensions Act 2013 and the Local Government Pension Scheme (LGPS) Regulations 2013.

The Board has continued to assist Derbyshire County Council (the Council), the administering authority, with the governance and administration of Derbyshire Pension Fund (the Fund) and with ensuring compliance with pension legislation and with the provisions of the Pension Regulator's Code of Practice 14. The Board has also continued to encourage the administering authority as it strives to adopt best practice.

Membership of the Fund continued to grow in 2017/18 rising to over 100,000 members and the number of participating employers grew from 170 to 216 increasing the challenge of administering the Fund. Work continued on the reduction of administration backlogs and a new pension administration system has been procured to increase the efficiency of the Fund's administration. The Board has monitored progress carefully and is looking forward to the new system becoming fully operative; this promises to allow more challenging service standards to be adopted.

Investment returns moderated in 2017/18 following an exceptionally strong year to March 2017. However, the Fund's investments continued to outperform the strategic benchmark return. Preparations continued for the TUPE transfer of a number of the Fund's investment staff into LGPS Central Ltd (LGPSC), the company established to manage investments on behalf of nine LGPS pension funds. Transition of the Fund's assets into products offered by LGPSC is expected to take several years. In the meantime, managing the Fund's relationship with LGPSC, and managing the Council's shareholding in the company, is taking up a significant portion of officers' time. Board members attended briefing sessions held by LGPSC to enable them to monitor progress.
